

SIEMENS

Elbląg, 01.09.2006

LETTER OF REFERENCES

Siemens Industrial Turbomachinery Sp. z o.o wish to certify that UNI-BEL Sp. z o.o. based at 28 Skrzydlata street in Elbląg performed works on the construction site of the Gas Pumping Unit in Żuchłów, Załęcze and Szczepanów.

The task involved:

- low voltage distribution unit supply and installation for the Gas Pumping Unit in Żuchłów and Załęcze (2001-2002);
- post-installation and fire-fighting efficiency measurements for the Gas Pumping Unit in Żuchłów and Załęcze (2003);
- mounting steering cabinets along with electric systems connection in the Gas Pumping Unit in Szczepanów (2003-2004).

Uni-Bel company did the job with due diligence, on time and following the Principal's requirements.

The company employees displayed good work organisation on the site, high qualities and the facility of solving any problems that might emerge.

We would like to recommend Uni-Bel as a company with good expertise, showing perfect workmanship and being able to meet the prescribed dates while carrying out the electrical works.
